1. PROGRAM OVERVIEW

Institution: Maharana Pratap Ayurvedic Medical College & Hospital, Ishwariganj, Baikunthpur, Kanpur

Topic: Seminar on "Importance of Panchgavya Therapy in Chronic Disorder"

Organized by: Department of Rasa Shastra & Bhaishajya Kalpana (RSBK) and Research & Innovation Cell

Program Coordinator: Dr. Rahul Sharma, Assistant Professor, Department of Rasa Shastra & Bhaishajya Kalpana, MPAMC, Kanpur

Venue: Seminar Hall, A-Block, MPAMC, Kanpur

Duration: 10:15 AM to 1:00 PM

2. GUEST SPEAKER

The seminar was graced by Shri Sunil B. Mansinghka Ji as the distinguished guest speaker, whose expertise and contributions in the field of Panchgavya and cattle-based therapeutics are widely recognized at the national level. He currently holds the following key positions:

- Member, National Steering Committee on Panchgavya
- Member, Cow Dung & Urine Utilisation Committee, NITI Aayog
- Former Member, National Cattle Commission, Rashtriya Kamdhenu Aayog
- Member, Animal Welfare Board of India
- Coordinator, Gau Vigyan Anusandhan Kendra, Deolapar, Nagpur

3. DIGNITARIES PRESENT

- Prof. Dr. Alok Kumar Mishra — Director, MPAMC, Kanpur
- Prof. Dr. B. P. Patel — Principal, MPAMC, Kanpur
- Dr. Manish Kumar Singh — Medical Superintendent, MPAMC & Hospital, Kanpur
- Dr. Sumit Pandey — Associate Professor & HOD, Department of RSBK, MPAMC, Kanpur

The event was also attended by all faculty members of the Batches 2023, 2024 and 2025, along with students from the same three batches, making it a well-attended academic gathering.

4. PROGRAM PROCEEDINGS

Inaugural Session:

The program commenced with the arrival of the Chief Guest, followed by the traditional Maa Saraswati Vandana rendered by Dr. Preeti along with the students, invoking the blessings of the Goddess of Knowledge for a successful and enlightening session.

Maa Saraswati Vandana being conducted at the commencement of the program

This was followed by a formal welcome of the Chief Guest and the ceremonial Deep Prajwalan (lighting of the lamp), marking the official inauguration of the seminar. The Chief Guest was then felicitated with a bouquet presentation by the Director and Principal of the college.

Welcome Address:

A welcome speech was delivered by Prof. Dr. Alok Kumar Mishra, Director, MPAMC, in which he extended a warm welcome to the guest speaker and all the attendees, and highlighted the significance of exploring traditional Ayurvedic and cattle-based therapies in the management of chronic disorders.

Welcome address being delivered on the occasion

Introduction of the Guest Speaker:

Dr. Manish Kumar Singh, Medical Superintendent, MPAMC & Hospital, Kanpur, gave a brief and comprehensive introduction of the Chief Guest, Shri Sunil B. Mansinghka Ji, acquainting the audience with his rich background and contributions to Panchgavya science and cattle-based research at the national level.

Faculty members and dignitaries seated during the introductory session

Special Lecture:

Shri Sunil B. Mansinghka Ji delivered an insightful and detailed special lecture on the "Importance of Panchgavya Therapy in Chronic Disorder." He elaborated on the therapeutic properties of the five products derived from cows — milk, curd, ghee, cow dung and cow urine — and their scientifically validated applications in the management of various chronic ailments. He further discussed the growing relevance of Panchgavya-based therapeutics in the modern era, and how the integration of Ayurvedic Chikitsa principles with Panchgavya therapy offers an effective, sustainable and holistic approach to chronic disease management.

Interactive Session:

Following the special lecture, an engaging interactive question-and-answer session was held, during which students and faculty members raised queries related to Panchgavya, its therapeutic applications and its importance in contemporary Ayurvedic practice. The guest speaker addressed each query in detail, further enriching the participants' understanding of the subject.

Interactive question-and-answer session with the guest speaker

Exhibition of Panchgavya Products:

Alongside the seminar, an informative display and stall of Panchgavya-based literature and formulations was also set up, giving participants a first-hand look at the range of Panchgavya products and reference material available.

Display of Panchgavya-based literature and formulations

5. FELICITATION AND VOTE OF THANKS

At the conclusion of the lecture, the guest speaker, Shri Sunil B. Mansinghka Ji, was felicitated by the Director, Principal and other dignitaries of the college with a memento, a shawl, a gift hamper and a token of appreciation, as a gesture of gratitude for sharing his valuable knowledge and experience with the students and faculty.

6. CONCLUSION

The seminar on "Importance of Panchgavya Therapy in Chronic Disorder" proved to be an enriching academic experience, offering valuable insights into the therapeutic potential of Panchgavya in the management of chronic disorders and its relevance within the framework of Ayurvedic Chikitsa. The active participation of students, faculty and dignitaries reflected the growing interest in integrating traditional cattle-based therapeutics with modern Ayurvedic practice, in keeping with the vision of the Department of Rasa Shastra & Bhaishajya Kalpana and the Research & Innovation Cell of MPAMC, Kanpur.
